DECORATION

White or metallic silver print recommended on Blue flyers, however white ink may be transparent. Black print recommended on White, Red & Yellow flyers. As this item is not completely round it is impossible to have a perfectly centred logo on this product.

For this reason large circular designs are not recommended as they can appear off centre when printed.

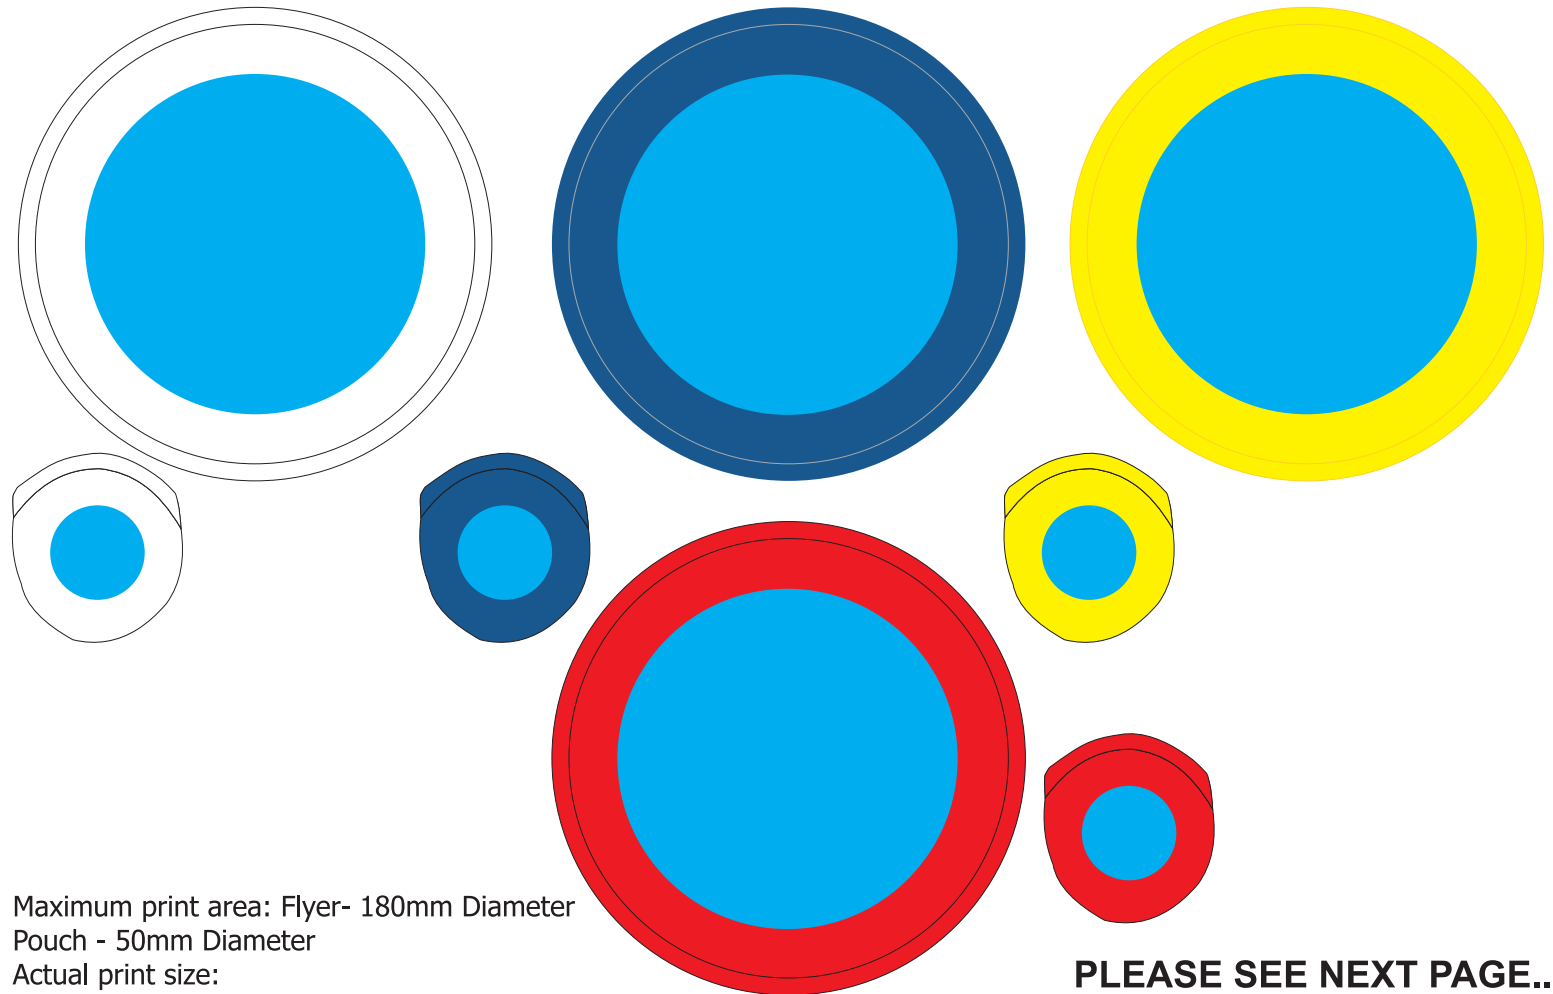

IMPORTANT

Fold marks may occur on this item after it is printed and folded due to the nature of the material being printed on. Fold marks are more likely on designs that have large solid areas. We have no way of checking these as fold lines tend to form after we ship the goods, we consider such fold marks to be acceptable.

WARNING

Not recommended for children under 3 years of age.
